Subject: To understand about the reservation policy or roster system which meant for PWDs.

Respected Sir/Madam,

As the reference citeR above, we from the Blind Lead Trust (BLT) Organization would like to know or to understand about the Reservation Policy and the Roster System more clearly in which ways or process had been divided for the persons with disabilities in our state of Meghalaya in between three communities if there were anything like that. As the organization who takes the responsibility for the welfare of our visually impaired community we feel that this issue must be very well known and understand it clearly in each and every person with disabilities. So, maybe some of them can understand about this policy but we also know that most of them do not know anything about it. If it is possible we need to get a clear information or explanation which can be written in our own language Khasi or Garo so that we can easily understand it.

We look forward to your positive response in this matter.
